

ATTACHMENT TO PICKUP CONTRACT

We provide the 96 gallon totes to each occupied structure and agree on the active stops at that time. As stops are added or taken off, the bill would be adjusted.

We will use the park average for the pickup limit. The limit is one tote full with the lid closed per household. In the event we notice a significant increase, we will deal directly with the customer on a weight average/difference. Any extra will be charged by weight/bags.
